3. Remarks

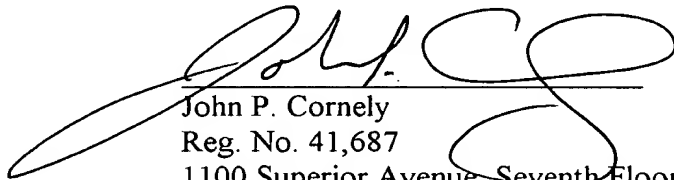

In support hereof, these remarks are submitted along with Exhibits A-D, namely, true copies of the original documents in this case: Utility Patent Application Transmittal Letter (Exhibit A), Assignment Transmittal Letter (Exhibit B), a date-stamped Return Receipt Postcard (Exhibit C) and Express Mail Receipt (Exhibit D).

Via Express Mail filing procedure, the U.S. patent application and accompanying assignment in this case were deposited together with the U.S. Post Office addressed to the Assistant Commissioner for Patents on December 18, 2000 as evidenced by Exhibit D bearing a "date in" of "12-18-00" and this case's attorney docket number "XER 2 0351." Additionally, the U.S. Patent and Trademark Office received both the application and assignment together. Evidence of the same is had via Exhibit C in which the U.S. Patent and Trademark Office acknowledged receipt of the items listed (i.e., both application and assignment) by date stamping and returning the postcard. Additionally, both Exhibits A and B carry signed Express Mail Certificates claiming December 18, 2000 as the date of deposit. Both Exhibits A and B also carry the same attorney docket number (i.e., XER 2 0351) listed on the Express Mail receipt and postcard. Moreover, Exhibit B carries the Express Mail Label Number "EL545793153US" which is the same as that on Exhibit D. Accordingly, it is respectfully submitted that the Express Mail filing procedures were properly complied with, and the filing date should be deemed as the date of deposit with the U.S. Post Office, i.e., December 18, 2000.
